FROM CAMPRACHY .- The New Orleans Bulletin of December 3d, publishes the following particulars of the engagements between the Mexicans and Yucatanese before Campeachy:

The Mexican army, about 4000 strong, had encamped in the immediate vicinity of the town, the squadron at the same time maintaining an impos-

ing show of blockade. General Iman, from the west, had arrived with about 1590 of his untutored friends and followers. and desired the Governor to point out the enemy, as they came to fight, and could not remain in indolence. The appearance of these natives was unique and interesting, even to the Yucatecos .-They were naked to the waist, except the belts and bucklers of armament which was slung on them; and from the waist to the mid-thigh, a sort of mo dern circus apparel comprised their costume. In addition, each one carried his own provisions strung over his shoulder. When they first arrived, the Governor requested them to accept of certain quarters and rest a couple of days after their tedious march-their reply was, that they came to fight, and they must find the enemy, if there was one, or they would return. This was on the evening of the 17th-on the next day morning, the whole Mexican force approached the city. On this being known. the brave and accomplished chief Iman, (who is only 50 years of age, as we learn,) sounded his horn, and the natives of Palanque and the region round about, rushed upon the invaders. About 250 adhered to their leader in a body, the others fought on their own hook at random. The result was the Mexicans were astonished, dismayed and fell back. The chief, Iman, slew 27 whose bodies he exhibited, and brought away two pieces of cannon, which were deposited in Campeachy as a trophy of his victory. In the engagement, Gen. Iman had fifteen of his brave fellows killed, and four wounded. The movement was a preconcerted attack by land and sea. The Mexican squadron cannonaded during the whole morning. The Yucatecos had six gun boats lying under the forts, which answered the salutes of the assailants. The steamer Guadaloupe was unable to reach the shore with her Paixhan shot, but one of the Yucatan gun boats, more fortunate, was enabled to reach her with an 18 pounder, and carry off her nose. When the Mexican General summoned Cam-

peachy to surrender at discretion, stating his overwhelming force, the Campeachianos hoisted a bloody flag in defiance as their only answer. Up to the 22d there had been no further attack on Campeachy. The enemy appeared to be dismayed -and they had good cause for hesitating at least, as they were losing many daily by desertion, as well as by disease; and were, moreover, suffering considerably for necessary provisions. It was otherwise in Campeachy. All were in

the highest spirits-certain of complete victory in the end-provisions were abundant-and as an evidence, we were informed that when Gen. Inman arrived, several beeves were slaughtered and barbacued in the finest style, in honor of their brave guests. The Mexican soldiers have shown themselves brutal on several occasions since they landed. At Champoton, for instance, they outraged a Spanish family residing there. The Spanish Consul went to the Mexican Commander and remonstrated, but could obtain no satisfaction, and it was understood he sent a special messenger to Havana, announcing the outrage.

Commercial and Money Matters.

TUESDAY P. M. The sales at the Brokers' Board were not very extensive to-day and prices were without material change excepting n Stonington which improved I per cent. New-York Stocks were firm, but Ohio Sixes fell off | per cent.

There is some enquiry for Exchange on London and Pais but the sales were limited. Sterling 6 a 61; Francs 5 45. Alabama is scarce, and same lots are held for better rates. Small sales were made to-day at 94 a 94. On other points the market is quiet.

According to Thompson's Bank Note Reporter the folowing is the situation of the free Banks in regard to circu-

The Auburn and Rochester Railroad Company have de. clared a semi-annual dividend of five per cent, payable to New-York stockholders at the Bank of the State of New

York, on the 3d of January. Bicknell's Philadelphia Reporter says: "Our money mar set is without change. Out-door rates 7 to 9 per cent, and paper of an undoubted character can be negotiated for 6.— Capitalists are investing their spare funds in Treasury Notes. Large amounts were sold during the last week at ! per cent, premium. This is investing at the rate of 51 per cent. per annum, with the Government as security. Nothing new as relates to bank. Specie is abundant."

On the 8th instant, the Banks of Montreal drew at 4 per ent premium for three days bills on New-York, and on London the Bank of Montreal draws at par, sixty days sight-Private bills on New-York can be had at three per cent hree days. On London, private bills at ninety days vary rom one to two per cent discount, according to the standne of the drawers.

It will be recollected that the par of the pound sterling has been altered by an act of Parliament from £1 2s 2id to £1 4s 4d.

The Bank officers alluded to some time since as having kad true bills found against them by the Grand Jury of Butfalo, are Messes. Lee and Allen, late President and Cashier of the Bank of Buffalo. The indictment is for making an ver Issue of the bills of the Bank.

Eighty eight dollars in coppers have arrived at Green Bay, being the last remains of the Wiskonsan Bank. Petitions are circulating in Indiana praying the Legisla ture so to amend the Charter of the State Bank and branches as to introduce a ciause therein whereby all the Stockholders in said Bank and branches shall be made individually and collectively responsible for the issues thereof By the annual report of the Comptroller General of the

State of Georgia, there is a deficit in the accounts of the inte Treasurer, Colonel Thomas Haynes, to the amount of \$20,830 SS-a very pretty little balance against a State defaulter. The Governor of Ohio, in his Message states that the in-

terest due in January will be punctually paid. Bonds to the mount of \$505,622 have been issued under the act of last session authorizing an issue of \$500,000 to discharge existing debts, &c. Thirteen of the twenty-three banks die on the 1st January, 1843, and two in 1844. Their capitals are about five millions. The remaining eight, with capitals to the amount of 2,300,000 will expire in a few years. Some strange reports are in circulation at Milledgeville

touching some officers of the Treasury and of the Central At Augusta, Exchange on New-York was abundant at 1

per cent. The Banks were discounting quite freely. Money Al New-Orleans, leading 60 day bills were held at 11 disount, but buyers were unwilling to pay better than 2 a 21 discount. Par and 10 days 1 a 1 discount; Sterling 32 a 31; Francs at 5 521 a 5 50. There was not much doing in Ex

Money matters are easy, and there appears to be a bette leeling among business men. The Banks have quietly glided into resumption, and there is no call for specie.

Markets-Carefully reported for The T ASHES-Another advance has been established in Pearls and sales of about 50 bbls were made yesterday at \$6 371 a 50, showing an improvement of 25 cents. The market is firm at 5 50, but there is no activity, only one or two buyers being willing to give that rate. Pots are quiet but firm at \$5 371, with sales, as far as we can learn, of only 20 to 30 obls. Thre have been no bills out for some days and we anderstand no more will be inspected until after the 1st of

COTTON-The demand is steady and the sales to-day each about 600 bales, mostly to shippers. The market is heavy and sellers supply the demand freely. We drop the nigher prices of our range of quotations and quote fair Upland 7; fair New-Orleans and Alabama 71. It has been difficult for some days to obtain the higher quotations.

FLOUR AND MEAL-The inclement state of the weather has indisposed dealers from operating, and the marke is heavy. Nominally the price of Genesee is \$5 00 and Ohio and Michigan \$4 871 a 5 00, but sales are made at \$4 94 for Genesee, and 4 812 for Michigan. Sales of Genesee are reported as low as 4 874, and it is not improbable that such sales have been made, but most dealers will not sell lower than \$1 91. Troy is quiet at \$1 87 a 5 00. Troy is quiet at \$1 874 a 5 00. We hear of no turther sales of N Orleans and there is very little offering. The last sale was at 4 814. In Southern there is rather more inquiry but we hear of no large sales. Georgetown continues to be held at \$4 873, with retail sales. The last sale of Brandy wine was at 4 87; but it is now held at \$5 60. Sales 300 bbls Petersburg at 4 871, time; Richmond City is held 5 75; Richmond Country, Alexandria and Baltimore at 4 69a 4 75. Rye Flour has be come scarce and the small lots in store are held at \$3.87} for Jersey and North River. Sales 150 bbis at that rate. Meal is still very dull at \$2 561 a 2 621 for Jersey. Brandywine bbls \$2.75; hhds \$12.75, cash; 13.25, 4 months. No sales of Shorts or Ship Stuffs. Nominal 10 a 121 and 15 a 19c.

GRAIN-Buyers are offering lower prices for Wheat and we notice sales about 1000 bushels to-day at \$3 a 94c. The supply is not very large, but there appears to be little disposition to buy. Corn is not plenty and is in moderate demand. A forced sale of 1200 bushels new Delaware was made at 47, measure. New Northern is worth 43 a 50; old 53, weight, and 56, measure. A small sale of Rye has been made in the slip at 56, but this is not a fair quotation. We quote 53 a 60, with some holders still asking 67 a 70c. Oats are rather dull with a moderate supply at 28 a 30 for River, and 30 a 32 for Canal. Last sale of Jersey at 30, and South-

SEEDS-The stock of Clover is pretty large and the demand is quite limited. We notice a sale of 40 tes new Pennsylvania Clover at 6; Rough Flax is held at \$9 50. LEAD-A sale of 800 pigs Missouri at \$3 50, 6 mos.

TALLOW-The market is rather heavy at previous prices and buyers seem disposed to wait awhile. We notice sales 50,000 lbs, part Boston and part Pennsylvania at 8 cents, for

WHALEBONE-Further sales 14,000 lbs Whalebone an advance on 29c, at which rate the last sales were made. BEESWAX-Sales 800 lbs Southern Yellow at 271 a 281

LEADING MAGAZINE OF THE WORLD.—GRA-HAM FOR JANUARY, 1843.—Encouraged by the extra-ordinary success which has hitherto attended the publicaordinary success which has hitherto attended the publica-tion of this work, the Proprietor has determined to make it hereafter as much superior to any other periodical in the world in its Literary Character as it has been and will con-tinue to be a Magazine of Art. The number for January, 1843, is submitted as a specimen for the ensuing year, and a pledge is given that the succeeding number shall equal it in every respect. While contemporary publishers give Illus-trations from school-books or ornithology, and from the Newgate Calendar, and advertise as 'costly embellishments' wood cuts from the 'Child's Primer'. Maraline's Magazine Newgate Calendar, and advertise as 'costly embellishments' wood cuts from the 'Child's Primer,' Graham's Magazine will contain Engravings executed in the finest manner by Dodson, Cheney, Parker, Sartain, Sadd, Rawdon, Wright & Hatch, Dick and others, from Original Paintings by Ingham, Inman, Sully, Osgood, Thompson, and other celebrated Artists; and while publishers who vainly attempt a rivalship of this great National Work give monthly miscellanies by witters wholly unknown or 'illustriously obscure,' Graham's Magazine contains in every number the choicest productions of Conger Rayan, Dang Longfellow, Alkton productions of Cooper, Bryant, Dana, Longfellow, A'lston, Paulding, Willis, Hoffman, Herbert, Grattan, Mesdames Smith, Sigourney, Embury, Osgood, and many beside from among the most celebrated writers in the world, written expressly for its pages. Messrs Cooper, Longfellow, Dana and Allston write exclusively for Graham's Magazine, and the others above mentioned write for it regularly. As here-tofore, RUFUS W. GRISWOLD will be associated with

the publisher in its Editorial direction. For Three Dollars a year, the People of this country have now an opportunity to supply themselves with the Leading Magazine of the age. D' Orlando Fish, Fashionable Hatter, 137 Bros vay, would inform the gentlemen of New-York that his Fall and Winter style of Hats is now ready for their inspec tion and critical judgement. Claiming the distinction of having been the first to project and abide by a strictly AMERICAN style of Hats, instead of servilely copying the Fashions of Europe, which are often unsuited to our climate and manners, he rejoices to perceive that others have seen fit to follow his lead, and that now the following European Fashions in Hats is almost entirely abandoned b the leading manufacturers, He offers a Winter style of Gentlemen's Nutria tiats a

\$3.50, and warrants them conal in material, finish fishion and durability to any Hat sold as low as \$4 in the city But he wishes it distinctly understood that his hest Hars are not sold at this price, but at \$4 50. These he recommenas equal to any hat sold in New-York at \$5 or under, and

challenges for them a comparison with any other.

Gentlemen visiting our city are respectfully invited to call and examine his new stock of Winter hats and judge of their quality. He is confident that, whether the chargest of the best Hat is desired, the inquirer will here be satisfied. Try him (\$20t) O. FISH, 157 Broadway.
